

Oak Knoll Baptist Church would like to thank The Orlando Group for the great job that they did on our church. From the beginning Doug and Gregg more than met our expectations of a company that has the customer's best interest at heart. Every person that was involved with the construction was professional and easy to work with through this long process. The workmanship from all the contractors that they use was impeccable. Never was I unable to pick up the phone and call Gregg or Doug and have results or just a question answered. They will help you through the process from explaining the roofing system they use to helping with every thing that goes with your particular needs. We here at Oak Knoll Baptist Church would recommend the Orlando Group a company of honesty and integrity to help you with your needs also.
